

## SUMMARY

Results-driven Full Stack Developer with 2.7+ years of experience in web application development. Expertise in PHP, Laravel, MySQL, and modern JavaScript frameworks. Demonstrated success in designing scalable applications, optimizing database performance, and implementing secure RESTful APIs. Known for delivering high-quality solutions while adhering to best coding practices and agile methodologies.

## EDUCATION

### Sikkim Manipal University

Master of Computer Application - MCA (Pursuing)  
2023 - 2025

### Kolhan University

Bachelor of Computer Applications - BCA  
2020 - 2022

## SKILLS

- **Programming Languages:** PHP (including OOPS, CodeIgniter, security, refactoring & design patterns), JavaScript.
- **Frameworks:** Laravel (factories/facades/libraries with abstract classes, interfaces, traits), AngularJS, Angular, Bootstrap, jQuery.
- **Databases:** MySQL, (database design, query optimization), NoSQL (MongoDB).
- **Frontend:** HTML5, CSS3, AJAX, Bootstrap.
- **API Development:** RESTful API design and development, JWT for authentication and authorization.
- **Tools:** Git, Postman, VScode
- **Soft Skills:** Strong problem-solving and analytical skills, excellent verbal and written communication

## CERTIFICATIONS

- PHP Framework Laravel Development 6 month Internship certificate.
- Core PHP 3 month Internship Certificate.

## PROFESSIONAL EXPERIENCE

### PHP Developer

IT-SCIENT | July, 2022 - Present

- Developed and maintained web applications using PHP, Laravel, AngularJS, Angular and other technologies.
- Designed and implemented RESTful APIs, ensuring secure and efficient data exchange.
- Integrated APIs with mobile applications for seamless data synchronization.
- Worked on database design and optimization for MySQL and other RDBMS.
- Managed version control and repository using Git.
- Provided technical support and troubleshooting for application-related issues.
- Ensured best practices in web development, including security, scalability, and performance optimization.

### Laravel Developer Internship

IT-SCIENT | Feb, 2022 - July, 2022

- Assisted in developing web applications using the Laravel framework.
- Participated in the design and implementation of database schemas.
- Developed RESTful APIs for various modules.
- Collaborated with senior developers to learn best practices and coding standards.

### PHP Developer Internship

ForwardCode TechStudio | October, 2021 - December, 2021

- Progressed to learning and practicing Core PHP under guidance, contributing to the development of web applications.
- Assisted in developing web applications using the Core PHP.

# PROJECTS

---

## Paatham.us (Upgrade of Paatham.com) Working

[Paatham.us](#) | Angular 16, Laravel 8, PHP 8, MySQL, HTML5, CSS3, BOOTSTRAP , PHPMAILER

- Upgraded and redeveloped Paatham.com using modern technologies, transitioning from AngularJS and Laravel 7 to Angular 16 and Laravel 8 with PHP 8, maintaining the same functionality while improving performance and scalability.
- Developed and enhanced core modules including the Classes Module, People Module, Attendance Management, and Hostel Management, optimizing operations and user experience.
- Implemented the Help Center Module to streamline ticket management and support for schools.
- Designed and optimized APIs in Laravel 8, improving data synchronization and system responsiveness.
- Enhanced query optimization and backend performance, leveraging Laravel 8 features for more efficient database interactions.

## School Management System

[Paatham.com](#) | ANGULARJS, LARAVEL, MYSQL, PHPMAILER, HTML 5, CSS 3, BOOTSTRAP 4.4 , PHPMAILER

- Subscription Management: Created templates for emails and alerts to manage user subscriptions and notifications.
- Student Marksheet: Managed mark sheets, including grade calculations, templates, and ensured data accuracy.
- Hostel Management Module: Contributed to room allocation, attendance tracking, and user functions.
- User Management: Implemented role-based permission management for administrators and co-administrators.
- Developed and maintained APIs for Paatham Mobile Application, ensuring smooth data exchange between system components.
- Enhanced the Payroll Management System with salary calculations, tax deductions, employee records, and comprehensive payroll reports.

## B.A. College of Engineering & Technology

[bacet.ac.in](#) | LARAVEL, MYSQL, HTML 5, CSS 3, BOOSTRAP

- Designed website headers and footers, enhancing the visual appeal and user navigation.
- Updated event galleries with pictures, improving the college's online presence.

## Private School Recognition System

[rte.jharkhand.gov.in](#) | LARAVEL, MYSQL, HTML 5, CSS 3, BOOTSTRAP

- Fixed website bugs, improving user experience and system stability.
- Implemented file management systems, streamlining document approval for school recognition certificates.

## District Scheme & Resource Management (DSRM)

[baba.software](#) | LARAVEL, MYSQL, HTML 5, CSS 3, BOOTSTRAP

- Managed Excel data export/import, data deduplication, interactive dashboard maps, and advanced search filters.
- API Integration: Ensured smooth data exchange for DSRM Mobile Application.

## Olfant Corporation

[Olfant.com](#) | PHP, MYSQL, HTML , CSS , BOOTSTRAP , CASHFREE , PHPMAILER

- Pricing model offers flexible packages for payment gateway services, powered by Cashfree integration, ensuring smooth and secure transactions.
- Includes a contact form for inquiries and a job application feature for talent recruitment.
- Managed and designed a team section showcasing key members and their roles within the company.

## Food Licensing Registration Services

[fssai.org](#) | PHP, MYSQL, HTML , CSS , BOOTSTRAP , CASHFREE , PHPMAILER

- Official platform for food license registration, offering various forms for different types of FSSAI licenses and certifications.
- Provides an end-to-end process for application submission, payment gateway integration, and automated email notifications for updates on registration status.
- Developed with a user-friendly interface to ensure easy navigation and seamless access to forms, guidelines, and certification details.

## ISO Registration Services

[isoregistry.org](#) | PHP, MYSQL, HTML , CSS , BOOTSTRAP , CASHFREE , PHPMAILER

- ISO registration service platform providing ISO certification for various industries with an easy-to-use online form submission process for different types of ISO.
- Integrated with email services and payment gateway to streamline the certification process from application to completion.
- Designed and developed with a user-friendly interface offering clear navigation for form submissions and service details.
